[redacted] LIAISON Called Paul Daly, FBI, and told him we had received a request from Representative Morris K. Udall (D., Ariz.) for a briefing [redacted] Daly said the Department of Justice had also received a request from Mr. Udall as well as from Representative John D. Dingell (D., Mich.). He said he hoped to be able to combine the briefings of Messrs. Udall and Dingell into a single session. I told Daly that we had already briefed Frank Potter and Peter Stockton, on the staff of Mr. Dingell's House Interstate and Foreign Commerce Subcommittee on Energy and Power. He further said that they had had some problems in briefing Stockton in the past and that he felt they would not want to allow Stockton to sit in on their briefing of Mr. Dingell.

[redacted] LIAISON Called Jack Brady, Chief of Staff, House International Relations Committee, to tell him of Col. Steve Harrick's, OSD/Legislative Liaison, request on behalf of Assistant Secretary of Defense for International Security Affairs, David E. McGiffert, to see the AWACS transcript and to see if he had any problems in showing it to McGiffert. Brady said he had no problems provided we had no problems. He added that he had been asked by the Department of Defense regarding the possibility of publishing the AWACS hearings. Brady made no commitment but suggested that DOD speak to other Executive Branch agencies before going further.

I mentioned Representative Morgan Murphy's (D., Ill.) request for a map showing narcotics smuggling routes and suggested that, if Brady had no problems, I would deal directly with Mr. Murphy on the matter. He said that was fine with him.

Brady added that he would be on leave from 15-26 August and that we should suspend delivery of the NID during that period since no one else had clearances in his office to see the material. He also asked that we institute procedures to get [redacted] clearances for Bob Boyer and Lew Gulick, of the Committee staff. I told him we would take the necessary steps.
